WILLIAM YEOWARD CRYSTAL STUDIO

WILLIAM YEOWARD CRYSTAL STUDIO

William Yeoward Crystal's major introduction for 2018 is a new collection 'STUDIO', a colourful and contemporary collection of Table Glass, Bar Glass and decorative pieces for the home.

The inspiration for this new collection came from Europe's Mediterranean region and in particular from Italy and Greece.

The Mediterranean has long attracted artists who were drawn to this area by its bright light and dazzling colours- and in more recent times countless travellers from more northern regions have come in winter and summer to enjoy its mild climate, its exotic vegetation and its warm seas.

We wanted to make a collection that reflected some of the beauty of the Mediterranean, with tableware and decorative pieces for the home that could be used all year round and which would act as reminders of extraordinary places that we have visited and enjoyed.

Bella Bianca and Bella Blue, with their spiral trails of White and Blue, remind us of sparkling oceans, the white clouds of Summer, skies in every shade of blue- and white sails over the water.

Vanessa, with its rich colours of Tortoise, Forest Green and Sicilian Blue captures some of the elements that make the Mediterranean coastline so memorably beautiful.

The statement pieces in Miranda bring to mind our magnificent oceans, the Seaglass Green reminiscent of treasured pieces found on the seashore, the Ocean Blue the colour of our deepest seas.

The decorative pieces Ariadne and Circe were inspired by the timeless beauty of ceramics from ancient Crete- a land still beautiful with green forests, dazzling white houses and luminous light.

These new pieces have been designed to showcase the skill and artistry of the individual glassmaker, every piece being hand made by a true artisan; no two pieces are exactly alike, each one is an individual piece of highly skilled craftsmanship.

As beautiful as these pieces are, they are all designed for everyday use, the Bar and Table Glasses are all made in practical shapes and sizes- but the use of colour in spirals and swirls adds a new dimension to how each shape is perceived.

When used in table settings, glasses like Bella and Siena add a sense of movement and colour to the glamour of the occasion- the Bar Glasses Vanessa with their vibrant jewel colours are dramatic and original.

All the colours are cleverly coordinated, to give the host the freedom to create beautiful contemporary table settings.

There are many different Bowls and Vases in the collection, some useful pieces for the table, others, such as Ariadne and Circe, fine statement pieces to decorate a stylish home.

We hope you too will enjoy these colourful pieces and what inspired us to create them.
